## SOURCE

SMA Order No. 283, dated 20 September 1946, concerns the increase in production of glass. To this end, the President of the German Central Administration of Industry, Skrzypczynski, and the Presidents of the Provinces and Länder are ordered to have the following repairs made to the following factories:

1. The Glashütte Torgau, Torgau, Province Saxony, will be enlarged to 10 Fourcault machines with a total production capacity of 400,000 square meters of glass per month. Completion date: 1 March 1947.
2. The Glasfabrik Otto Kuntzel (sic), Eszmansdorf, Province Saxony, will be restored to 6 Fourcault machines with a total capacity of 250,000 square meters of glass per month. Completion date: 1 January 1947.
3. The glass factory Firma Kopitz (sic), Pirna, Land Saxony, will be restored with one Fourcault machine with a total capacity of 40,000 square meters of glass per month. Date for beginning production: 1 December 1946.
4. The firm Sachsenglas, Radeberg, Land Saxony, will be restored with two Fourcault machines with a total capacity of 80,000 square meters of glass per month. Date for beginning production: 1 December 1946.
5. The Neue Glasindustrie, Weisawasser, Niederachlesien, will be enlarged to two Fourcault machines with a total capacity of 70,000 square meters of glass per month. Date for beginning production: 1 February 1947.
6. The glass factory Bulle (sic), Lichtenau, Thuringia will be enlarged to three Fourcault machines with a total capacity of 120,000 square meters of glass per month. Date for beginning production: 1 March 1947.
7. The original order is signed by Genpolk. P. Kurochkin, Deputy Supreme Chief of the SMA; Genleit. F. Bokov, member of the War Council of the Soviet Occupation Army; and Genleit. G. Lukyachenko, Deputy Chief of the General Division (Allgemeine Abteilung) of the SMA.
